pictures: Joel Teodoro

A blurred, high-angle photograph of several people in motion, possibly dancing or running, against a light blue background. The image is intentionally out of focus, creating a sense of movement and energy. The people are wearing casual clothing, and their limbs are extended in various directions, suggesting a dynamic activity.

The future
is all about a circular economy.
Instead of consumption,
we believe in sustainability
and exchange.

ETHICAL CODE - PREFACE

Creating a unique working space and community for the professional dance scene in Linz and upper Austria does not happen over night.

RedSapata has done development work for the freelance dance scene for the past 14 years, and we are committed to keep on working for our common good in the future as well.

OUR ARTISTIC COMMUNITY

Our community here in Linz has unlimited potential, which we want to nourish by strengthening the network to be more united, deeper rooted and further expanded.

RedSapata is a non-profit organization that can only exist in synergy. It is not run by the management team alone, it would not exist without the work effort and engagement of each individual that takes part in RedSapata community.

It is not merely a service for it's Artists, but it is a space and a platform where YOU, yes, exactly you, can create your visions and make them come to reality.

It only takes your will and a little bit of know-how to make your initiatives come alive here, with us.

You as an Artist are representing RedSapata outwards, so go loud and proud.

So do we.
